

## Coastal Rowing auf dem Main

Dear rowing friends,

in August we experience Coastal Rowing in Frankfurt. There may be more suitable waters, but the Main is enough for us to get to know more about it. I created a Doodle link. Please register on all dates where you have time, so that we can get an approximate idea about the number of participants and ask for a concrete date.

Frankfurter Rudergesellschaft Germania 1869 e. V. owns two Coastal Rowing boats. Depending on the number of registrations, it is planned to accompany the unconventional Coastal Rowing boats with conventional gigboats and to exchange the rowing crews after a while.

We start in the afternoon. In the evening we return to the boathouse of the Frankfurter Rudergesellschaft Germania. There we will have dinner together.

I look forward to a new experience,

Hartmut
