

From Kühkopf to Mainz on 06 May 21018

Dear rowing friends,

our first event in 2018 - from Kühkopf to Mainz - was planned for May 12th. Unfortunately, we didn't think of holidays when setting the date, so that we received only a few registrations, but many questions about another date.

For this reason, we have decided to shift the planned trip to May 6th. For non rowing accompanying persons we will arrange an additional program.

We meet at 9:30am for a general meeting. An agenda will be sent to all members in advance.

Then we descent, first on the narrow Altrheinarm, which includes the Kühkopf nature reserve

We will have lunch on the island of Langenau around 1 pm.

At about 4:00 pm we are back in Mainz.

Please register until March 15th, so that Wolfgang Litzenburger and Klaus Willimczik have enough time to prepare the event. Also those who have already registered for another date, please register again!

All the best in this rowing season,

Hartmut
